

Helpful Hints to Understand & Complete Paper Forms! (The same information will be need for the online forms.)

On the Dues Statement

- Membership Category - Make sure we have the correct # of sites and dues amount. (Join at the level for the number of RV sites operational when you join.)
- 'Direct Link' to your website from the state association website's Search Results page – normally \$100.00 per year, this feature on the state association site is your best value option and is **INCLUDED for all new members!**
- **As a New Member, include the \$50.00 first time set up fee.**
- Also, as a new member you receive the Enhanced Listing free in next year's TEXAS guide; \$995.00 value. Please provide us with a photo and slogan. (This is for the printed guide.)
- Additional Reference Listings under Other City categories in the guide – \$100.00 per additional city / area listing – write the city or cities on the line provided and again on the Listing Forms (This is for the printed guide.) This *optional* service is a good idea to use this option if your park is in a small town, but near a larger city.

Contact Park Information Page – Required to keep informed.

- Provide your current email address. Email is the primary communication for monthly member updates and notifications regarding natural disasters (like hurricanes), legislative alerts (asking members to contact their legislators), and public relations campaigns (to promote your park).
- This form provides critical information regarding park ownership, management, discounts, additional newsletter mailings, shipping address (for TACO guides), etc.

Guide Listing Forms To see the online version of the TACO guide go to:

www.texascampgrounds.com/free-camping-guide/ (This will be for the 2027 printed Guide.)

- Section I – Use the box to provide a map (You can Google your property; zoom out to nearby highways; screen shot or print, scan & e-mail to rhodes@texascampgrounds.com .) Our artist will create the map.
- Section II – Be sure to include your email address. Use the 360-character listing grid to really sell your park benefits – don't waste a lot of space duplicating items already on the Services & Facilities list. Optionally, you can create a word doc with the limit of 360 characters and attach it. I
- If you are indicating additional cities for a Reference Listings for the printed guide, be sure to add 100 per city / area Reference Listing on the Dues Statement.
- Section III – Check the Texas Saver Card discount program if you want to offer 10% off a daily rate, or no Star means no discount given. (Hundreds of RVs request the TACO Guide because of the Texas Saver Card.)
- Section IV – Make sure you have all the Services & Facilities marked that apply to your park. Please note these items cannot be changed – check mark the facilities at your park.

Website Listing Forms – When you complete the form(s) your listing(s) for your campground on

TexasCampgrounds.com and or TexasGlampingResorts.com will be created.

This may be your customers' first or only impression of your park!

- Information provided on web listing form is included on your park's listing on TexasCampgrounds.com.
- The listing write up should be approximately 400 characters. This can be the same as your listing for the printed TACO guide or it can be different.
- Amenities – be sure to mark each amenity your park provides; if you have others not on the list, you can include them in your park description.
- Add area attractions, as the site is searchable by attractions and will list your park as nearby.
- Email attachments or upload in the hub up to 10 photos as a jpeg or pdf file as part of your listing rhodes@texascampgrounds.com.
- If you have cabins or glamping accommodations, please fill in the TexasGlampingResorts.com Information form and email up to ten photos as attachments to rhodes@texascampgrounds.com.
